➤ 101 – Group & Individual Crisis Intervention (14th, 15th, & 16th August 2010)

This class is designed to give participants the fundamental skills to provide individual and group crisis intervention. Specific protocols for individuals and a variety of group intervention tactics will be learned and practiced to provide each student a comprehensive skill set to provide basic intervention services – Receive 2 certificates. RM 500

➤ 102 – Managing School Crises : From Theory to Application (18th – 19th August 2010)

This course is designed to prepare school administrators and all educators for the inevitable crises that occur within schools and/or that affect those in schools, this training reflects the 3 most common phases of a crisis: pre-crisis planning, acute crisis response and post-crisis activities. Special attention is given to the most common pitfalls (those that pose the most threat to school personnel from a liability standpoint) associated with crisis response activities. RM 360

➤ 103 – Stress Management for the Trauma Service Provider (20th – 21st August 2010)

This course explores the signs and symptoms of stress on the trauma providers and focuses on stress management techniques that help them manage their personal stress. The course assists each participant in developing his or her personal resilience and stress management plan. RM 360

➤ 201 – Compassion Fatigue (14th – 15th August 2010)

This course explores the risks and positive aspects of providing assistance and performing this critical work. Participants will understand how their work affects them emotionally, physically, socially, and spiritually. They will also learn skills to recognize, prevent, and treat any negative effects while providing care to others. RM 360

➤ 202 – Strategic Response (16th – 17th August 2010)

This course will present essential information for the assessment of both crisis situations and the effects of critical incidents on people involved in those situations. They will learn to create an effective plan of action to assist those in crisis and complete a series of exercises designed to sharpen assessment and crisis planning skills. Strategic planning and tactical decision-making are emphasized, as are rationales for choosing one set of crisis intervention processes over another. RM 360

Note: Prior attendance of Individual and Group Crisis Intervention Course is a prerequisite.

➤ 203 – Suicide Prevention, Intervention, and Postvention (18th – 19th August 2010)

Participants will understand risk factors, explore the scope of suicide, and learn effective techniques for intervention. Participants will practice techniques and learn how to conduct open conversations and assist not only the suicidal person but also family members who are affected. The course also trains participants in understanding prevention techniques and application of prevention programs within their workplace or community. RM 360

➤ 204 – Grief following Trauma (20th – 21st August 2010)

This course provides understanding and knowledge of grief following a traumatic loss. Participants will gain understanding and knowledge of the impact of trauma on the grief process and gain skills to provide effective support for those experiencing traumatic death or loss. RM 360
